

## Pro V32 Top Box

The brand-new stunning ALPHA 2 Pro™ V22/32 digital tower cabinet is Bally's latest in the Pro Series product line. The extended 32-inch vertical secondary display provides a prominent showcase for premium games, highlighted by the attention-grabbing game-synchronized side lights, designed to attract players on busy casino floors.

The brilliant 32-inch vertical top display sits atop a 22-inch LCD screen. This striking new cabinet showcases Bally's high-performing game content to its full extent.

### Key Benefits:

- Powered by ALPHA 2, using the latest dual-core processing technology, greatly expanded storage, and accelerated video graphics.
- Design enhancements resulting from extensive review with veteran casino operators.
- Complete download platform when configured with iDeck™.
- Shared single entry for currency, tickets, and cashouts which makes it easy to access and service key components.
- Ergonomically located space for player-tracking systems above the button deck.
- Digital signal processing sound system custom-designed for the modern gaming environment.
- High-definition wide-screen 22" touch-screen game displays.

## Pro Series™ Sound Chair

Bally's Pro Sound Chair brings state-of-the-art comfort and a thrilling custom audio experience. As the perfect audio complement to Bally's premium games, the Pro Sound Chair delivers full sensory feedback to the game-play experience.

### Key Benefits:

- Professional-grade, digital sound when installed on certain Bally Pro Series premium games.
- Ergonomic design with full lumbar support for unrivaled player comfort.
- Standardized mounting block for use on both Bally and customer-specific slot stands.
- Swivel seat is the same size as a standard gaming chair for easy player entrance.
- Backlit graphics panel provides prominent placement for game branding.
